WHAT IS LOCKOUT?

- Lockout/tagout is an important safety procedure that involves shutting off the power to industrial machines or equipment during maintenance or repair. This procedure protects employees from risks caused by power sources. Used properly in conjunction with a well-planned lockout process, the safety padlock helps ensure that employees will not inadvertently activate a piece of equipment while someone else is working on it.
- 1 employee - 1 padlock - 1 key, this means all employees carry a unique key and no one else's key can open another colleague's safety padlock.

SAFETY PADLOCK ORDERING PROCEDURES

Is your customer a Registered or Non Registered End User on the Master Lock Oracle Key Charting System?

REGISTERED END USER SPECIAL ORDERING REQUIREMENT

How do I register my End User?

Simply arrange for your end user to complete the “**MASTER LOCK KEY CHARTING REGISTRATION FORM**” and forward with your official purchase order to Mayo Hardware Pty Ltd. A unique ID number will be assigned to your end user and sent via email to the nominated email address *(Please keep end user ID number on record for re-ordering purpose).*

Re-ordering for a Registered End User:

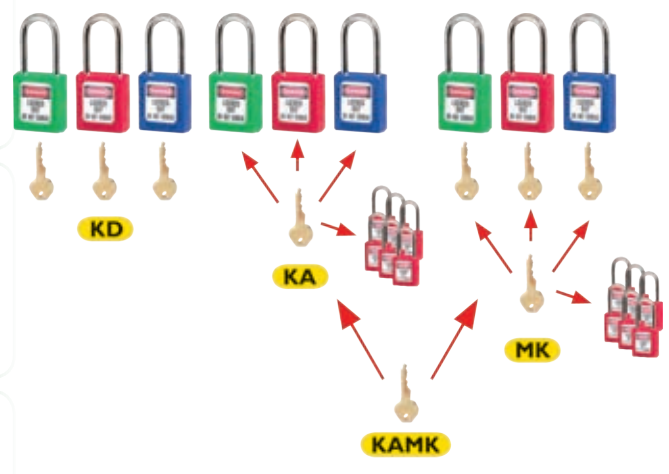

Clearly identify on the purchase order the following information “**REGISTERED END USER, <<INSERT COMPANY NAME, END USER ID NUMBER>>**”.

If you are placing an order for a Registered End User with an existing Master Key System, please include the Master Key Number on your order.

- For additional information please contact your Mayo Hardware representative.

KEYING OPTIONS

- **Keyed To Differ (KD)** – Each lock is opened by its own unique key that does not open any other lock in the set. Keyed Different is the standard keying on all Master Lock Safety Padlocks.
- **Keyed Alike (KA)** – This option provides the “same key” convenience and eliminates the need for multiple keys where numerous padlocks are used. Keyed Alike is ideal for situations where employees have more than one safety padlock.
- **Master Keyed (MK)** – In a Master Keyed System, a master key opens all the locks in the system although each lock has its own unique key. This permits overriding master key systems along departmental or other functional lines, to allow supervisory access.

SAFETY LOCKOUT PADLOCK MAINTENANCE

- Over time, dust, particles and chemicals in the air settle on and in the padlock. They can create friction inside the precision locking and keying components and impede opening and closing of the padlock.
- Annual cleaning is recommended. In particularly dusty or corrosive environments clean every three months.
- Clean the padlock. Use pressurized air to blow out dust.
- Apply a greaseless “DRY” lubricant such as Selley’s Eze-Glide.
- A very light spray of lubricant is recommended. Do not apply a heavy coat. Less is better. Insert key, open and close padlock several times to distribute lubricant. Wipe excess off key.
- NEVER use an oil or dry graphite lubricant. Oil attracts dust. Oil can also interfere with the movement of the pins in the locking mechanism. Graphite is often applied in excess, which then interferes with part movement. ONLY use a ‘dry’ lubricant for best results.
- Regular cleaning and lubrication of your safety padlock will ensure years of long life.

Average number of times opened per day	Dry Lubricant Application Schedule (Normal Environment)
1 to 50	Once per year
51 to 100	Twice per year

0410 ZENEX™ THERMOPLASTIC SAFETY PADLOCK

0410

- Tough, lightweight, dielectric Zenex™ body withstands chemicals and performs effectively in extreme conditions.
- 6mm plated metal shackle for corrosion resistance.
- Key-retaining ensures padlocks are not left unlocked.
- Includes write-on “Danger” and “Property of” labels in French, English and Spanish.
- Laser engrave on up to 4 sides.

Item Code	Description	Carton Qty	Shackle Opening Height (mm)	Shackle Dia.(mm)

- Eight colour options for easy lockout identification. Add desired colour suffix:

S31 COMPACT ZENEX™ THERMOPLASTIC SAFETY PADLOCK

S31

- Marine grade 316 stainless steel shackle provides superior corrosion resistance.
- 4.76mm shackle fits more applications.
- Durable padlock weighs just 76g, making it easy to carry more.
- Tough, lightweight, dielectric Zenex™ body withstands chemicals and performs effectively in extreme conditions.
- Key-retaining ensures padlocks are not left unlocked. (non-key retaining model available by special order if required).
- Includes write-on “Danger” and “Property of” labels in French, English and Spanish.
- Laser engrave on up to 4 sides.
- Padlock supplied with a weather tough cover that seals at the shackle and keyway keeping out dust, dirt and grime.

LASER ENGRAVING

Prevent theft and wasted time searching for the right key or the assigned employee. You can permanently identify ownership and access rights on the padlocks themselves.

- Laser engraving permanently marks your lockout padlocks so that important information needed for your business is always visible.
- Mayo Hardware can laser engrave your Safety Lockout padlocks within 5 working days.
- Engrave your company name and logo to reduce padlock theft, key number to increase key selection speed or employee name to identify padlock owner.

Item Code	Description
ENGSAF	Engraving Laser In-House – Safety Lockout

Note: For all engraving orders, please ensure a completed engraving form accompanies your purchase order. Contact your Mayo Hardware representative for more details.

SAFETY LOCKOUT ACCESSORIES

- Chains keep padlocks close to equipment requiring safety lockout.
- Engravable brass tags provides for individual worker identification.
- Tags attach to safety lockout padlocks with shackle collars.

Item Code	Description	GTIN	Carton Qty
0071CS	22.9cm long lightweight zinc plated steel chain: fits all Master Lock shackle collars (sold separately) (12pk)	071649510007	-
0071CH	22.9cm long heavy duty zinc plated steel chain: fits all Master Lock shackle collars (sold separately) (12pk)	071649510106	-
0071SC8	Shackle Collar. Fits 6.35 mm diameter shackles and smaller; for 410, 411, & 6835 safety padlocks	071649510304	-

GRIP TIGHT™ CIRCUIT BREAKER LOCKOUT

0493B

0491B

- Secure and simple mounting for a solid lockout. Grips tight with simple thumb turn and clamping handle.
- Exclusive design accommodate virtually all styles of breaker toggles.
- Narrow profile permits side-by-side breaker lockout.
- Compact devices are easy to carry and easy to store.
- Devices accept all Master Lock safety padlock shackle and lockout hasp diameters.
- Durable construction with powder coated steel and reinforced polymer allows operation in harsh environments.

Item Code	Description	GTIN	Carton Qty
0491B	Grip Tight Circuit Breaker Lockout – Tall & Wide Toggles	071649229718	6
0493B	Grip Tight Circuit Breaker Lockout – Standard Single & Double Toggles	071649229725	6
0506	Set of each device – 1 x 0491B and 1 x 0493B	071649229732	6

MINIATURE CIRCUIT BREAKER LOCKOUT

S2390

S2391

- Effectively lockout miniature circuit breakers.
- The miniature circuit breakers are quick and easy to apply.
- Works with all Master Lock Safety padlocks and lockout hasps.

S2392

S2393

Item Code	Description	GTIN	Carton Qty
S2390	Miniature Circuit Breaker Lockout <11mm	071649096136	144

CIRCUIT BREAKER SWITCH PADLOCK

- 0.5cm diameter cable shackle allows padlock to properly lock all types of circuit breaker lockout devices.
- Flexible cable allows the compact lock body to be positioned so that the control panel door closes properly.
- Fits the tight space constraints within circuit breaker shutoff boxes.
- Numerous key changes are available to minimise the possibility of unwanted key duplication.

Item Code	Description	GTIN	Carton Qty
0007C5RED	Circuit Breaker Switch Padlock	071649213809	6

UNIVERSAL WALL SWITCH LOCKOUT

- Patent-pending design ensures switch is locked on or off.
- Hinges open for unobstructed normal operation of switch.
- Includes English/Spanish and English/French labels.

Toggle Switch

Paddle Switch

Item Code	Description	GTIN	Carton Qty
0496B	Universal Wall Switch Lockout	071649225550	6

ROTATING ELECTRICAL PLUG LOCKOUTS

- Surrounds the electrical plug preventing accidental reconnection.
- Rotating design allows for easier installation in confined space applications.
- Tough, light-weight, dielectric Zenex™ thermoplastic bodies withstand chemicals and perform effectively in extreme conditions (temperature range -46°C to + 177°C).
- Complete with high-visibility permanent safety labels (English, French and Spanish). Labels can be written-on to identify the responsible person, then erased for the next job.

Item Code	Description	GTIN	Carton Qty	Dimensions
0487	Plug Lockout Small – 120 & 240 volt plugs	071649216794	6	10cm x 11cm x 7cm
0488	Plug Lockout Large – 240 & 250 volt plugs	071649216800	6	19cm x 13cm x 9cm

PUSH BUTTON & ROTARY SWITCH COVERS

- S2151 includes one cover, one new install base and one retrofit base with double-sided adhesive tape.
- S2152AST pack of 12 new install bases allows one S2151 to service multiple switches.
- S2153 is fixed in place to ensure instant availability.
- Fits both 30.5mm and 22.5mm diameter switches.
- Clear base and cover allow visibility of nameplates and labels.
- Horseshoe-shaped retrofit base allows use with raised nameplates and off-centre installation to accommodate rotary switch knobs.
- Accommodates buttons up to 50mm diameter and 45mm tall.

Item Code	Description	GTIN	Carton Qty
S2151	Removable Push Button Cover	071649170980	6
S2152AST	Pack of 12 Bases For S2151	071649170997	24
S2153	Fixed Push Button Cover	071649171000	6

OVERSIZED PLUG AND HOIST CONTROL COVERS

0453L

- Flexible and durable rip-stop nylon bag fits easily in safety tool boxes.
- Lockout with up to 6 padlocks or hasps.
- Offers broad application solutions.

Item Code	Description	GTIN	Carton Qty	Dimensions
0453L	Large Nylon Oversized Plug & Control Lockout	071649225420	6	48.18cm x 16.51cm
0453XL	Extra Large Nylon Oversized Plug & Control Lockout	071649100543	6	66.04cm x 25.40cm
0453XXL	Extra Extra Large Nylon Oversized Plug & Control Lockout	071649100550	6	91.44cm x 35.56cm

PNEUMATIC LOCKOUTS

- Prevents pneumatic fitting from being connected to pressurised air source.
- Fits virtually all male pneumatic fittings found in manufacturing facilities.
- Stainless steel construction for corrosion resistance.
- Works with all Master Lock Safety Padlocks and Lockout Hasps.

Item Code	Description	GTIN	Carton Qty	Dimensions
S3900	Stainless Steel Pneumatic Lockouts	071649239649	6	3.5cm x 19.7cm x 0.3cm

PRESSURISED GAS VALVE LOCKOUT

- Surrounds the valve operating handle to protect against accidental valve opening.
- Design works with valve guard in place.
- Fits virtually all pressurised valves up to 7.6cm diameter.
- Compact size easily stored when not being used.
- Includes Danger labels in English, French and Spanish.

Item Code	Description	GTIN	Carton Qty
S3910	Pressurised Gas Valve Lockout	071649088612	6

HANDLE ON-SEAL TIGHT™ BALL VALVE LOCKOUT DEVICE

- Clamps tight on handle stop to prevent handle movement.
- Fits a wide range of ball valve sizes (6.35mm to 100mm).
- Works on insulated pipes and in close quarters.
- Durable aluminium and steel construction defies corrosive environments and temperatures up to 532°C.
- Lightweight and compact for easy carrying and storage.
- Includes Danger Labels in English, Czech, French, Spanish, Flemish/Dutch, German, Italian, Japanese, Mandarin Chinese, Polish and Portuguese.

Item Code	Description	GTIN	Carton Qty
S3068	Seal Tight Handle-On Lockout	071649130021	6

HANDLE OFF-SEAL TIGHT™ BALL VALVE LOCKOUT DEVICE

- Device encloses the valve stem, with the handle removed, to make accidental reactivation virtually impossible.
- Works in virtually all valve installations - metal and PVC valves, insulated pipes, pipes mounted close to the wall or ceiling, and valves with tight access due to close proximity of other valves or pipes.
- Lightweight, flexible device is easily carried to the job and then folded for compact storage in safety toolboxes.
- Includes write-on labels in English, French & Spanish.
- Constructed of durable PVC polyester fabric and HDPE plastic. The Seal Tight Valve Lockout withstands corrosive environments and operates in temperature extremes from -40°C to 121°C.

Item Code	Description	GTIN	Carton Qty
0468L	Seal Tight Handle-Off Lockout	071649229749	6

ROTATING GATE VALVE LOCKOUTS

- Tough lightweight, dielectric Zenex™ thermoplastic bodies withstand chemicals; perform effectively in extreme conditions temperature range (-46°C to 177°C).
- Surrounds the valve operating handle to protect against accidental valve opening.
- Unique, rotating design allows for easier installation in confined space applications.
- Centre knockout can be removed for rising stem gate valves.
- Each size rotates into itself and nests within the next larger size to save space in storage.
- Multiple workers can apply their safety padlocks.
- Complete with high-visibility permanent safety labels (English, French and Spanish) that can be written on to identify the responsible person, then erased for the next job.

Item Code	Description	GTIN	Carton Qty
0480	Fits 25mm-76mm diameter valve handles	071649216732	6
0481	Fits 50mm-127mm diameter valve handles	071649216749	6
0482	Fits 101mm-165mm diameter valve handles	071649216756	6
0483	Fits 152mm-254mm diameter valve handles	071649216763	6
0484	Fits 203mm-330mm diameter valve handles	071649216770	6
0485	Set Of 5 (0480-0484)	071649218668	1

BALL VALVE LOCKOUT DEVICES

S3476

S3477

- Heat resistant powder coated steel body.
- 2 sizes to fit most valves.
- Easy to use, single piece design locks ball valves in the OFF position.
- Compact size easily stored when not being used.
- Two rows of lockout points for more accuracy.

Item Code	Description	GTIN	Carton Qty
S3476	Handle On Steel – Fits 6mm – 25mm	3520190933256	6
S3477	Handle On Steel – Fits 32mm – 76mm	3520190933263	6

CABLE LOCKOUTS & LOCK BOXES

CABLE LOCKOUTS

S806

- Integrated safety hasp and cable is ideal for multiple circuit breaker panel and side-by-side gate valve lockouts.
- Tough lightweight thermoplastic body withstands chemicals and performs effectively in extreme conditions (-47°C to +149°C).
- Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating.
- Feed the cable through the points to be locked out, and then back through the lockout body. Cinch it tight to remove any slack with the patented locking feature.

Item Code	Description	GTIN	Carton Qty
S806	Adjustable Cable Lockout 1.8m x 4mm	3520190934970	6
S806CBL15	Adjustable Cable Lockout 4.5m x 4mm	071649147715	6

LATCH TIGHT™ GROUP LOCK BOXES

0498A

0503RED

0503YLLW

- Secure each lockout point on a piece of equipment with a single padlock. Place the keys in the group lock box and then each authorised employee places their personal padlock on the lock box.
- When work is complete, each employee takes their personal padlock off the lock box, freeing the keys inside.
- All Master Lock group lock boxes feature an exclusive, Latch Tight locking mechanism that prevents keys from being accessed until the last employee removes their padlock.
- Durable powder coated finish with stainless steel handle.
- 0503RED and 0503YLLW can be mounted or carried from job to job. Accepts 14 padlocks or hasps.
- 0498A is a portable solution. Available in red it accepts 12 padlocks or lockout hasps.

Item Code	Description	GTIN	Carton Qty	Dimensions
0498A	Portable Group Lock Box	071649218415	1	152mm x 235mm x 95mm
0503RED	Group Lock Box – Red	071649227745	1	324mm x 89mm x 162mm

PERMIT / DOCUMENT HOLDER

PERMIT HOLDER

- Heavy duty PVC is strong and durable.
- Velcro top ensures water, dirt and grime is kept out.
- Reflective strap on both sides.
- Eyelets to hang from machinery.
- Ideal for storing permits and isolation documents.
- Apply safety padlock to lock permit and key inside.

Item Code	Description	GTIN	Carton Qty	Internal Storage Area (H x L)
PH1	Permit Document Holder - Yellow	9316861183136	100	355mm x 225mm

STEERING WHEEL COVERS

- Three sizes available for various wheel diameters – 46.6cm, 50.8cm and 61cm.
- Trilingual warning notifies employees not to start or move vehicle.
- Lock in place with a 0421 hasps and safety padlock.
- For added security, use a Master Lock Safety Series S806 lockout cable around steering wheel and foot pedals.
